

Sardar Vallabhbhai Patel Vidyalyaya

Empowering young learners, shaping a radiant future

Sardar Vallabhbhai Patel Vidyalyaya (SVPV), located in Mira Road (East), Mumbai, has been a beacon of progressive education since its inception in 1982. Inspired by the ideals of India's Iron Man, Sardar Vallabhbhai Patel, the school is committed to building responsible, value-driven citizens through holistic and inclusive education.

Rooted in NEP 2020, Aligned with the Future

SVPV follows the 5+3+3+4 curricular structure of the National Education Policy 2020 and the National Curriculum Framework 2023. From foundational literacy and numeracy in the early years to career-readiness in secondary school, SVPV's curriculum encourages interdisciplinary learning, critical thinking, and project-based exploration. Learners engage with STEAM subjects, financial literacy, environmental studies, and effective communication, preparing them for real-world challenges.

A Vision That Reflects Purpose

Founded by Kiran Patel, Chairman, SVPV was built on the dream of creating a joyful, inclusive, and meaningful learning space. The school welcomes learners from all walks of life, fostering diversity, equity, and mutual respect. Its nurturing environment places equal emphasis on academic achievement and emotional well-being, ensuring learners feel seen, heard, and supported.

Learning That Goes Beyond Books

At SVPV, education extends beyond the classroom. Lessons come alive through experiential learning, role-play, storytelling, hands-on activities, and digital simulations. Whether it's a tree plantation drive linked to environmental science or a reenactment of the Dandi March in history, learners connect deeply with what they learn. The focus is on application, reflection, and real-world relevance rather than rote learning.

Strong Foundations in the Early Years

The Foundational Stage (pre-primary to Grade 2) follows NIPUN Bharat guidelines, ensuring age-appropriate literacy and numeracy milestones. A blend of play, music, stories, and activities fosters curiosity and emotional growth. Regional languages are integrated into instruction to strengthen comprehension and connection, while moral education and life skills are nurtured from the start.

Technology-Integrated, Future-Ready Classrooms

SVPV embraces meaningful use of technology in education. Smart classrooms, Interactive Flat Panel Displays, coding and robotics labs, and access to platforms like DIKSHA and NDEAR enrich learning. Students build apps, design 3D models, and explore AI tools. At the same time, they are taught cyber safety, digital responsibility, and media literacy, preparing them to be ethical digital citizens.

Educators as Guides and Mentors

Educators at SVPV are more than instructors — they are mentors. Through continuous training via programmes like Nishtha and internal workshops, educators stay current with innovative teaching practices and student-centered approaches. Reflective teaching and collaborative planning foster a dynamic academic environment, where educators grow alongside their learners.

FROM INNOCENCE TO ENLIGHTENMENT

Inclusive, Safe, and Eco-Conscious

SVPV is deeply committed to inclusive education. It offers remedial programmes like "Soulful Saturdays" and mental health support through trained counsellors. The campus features CCTV surveillance, clean amenities, barrier-free access, and eco-friendly infrastructure like solar panels and rainwater harvesting, reinforcing its dedication to safety, sustainability, and well-being.

Empowering Young Leaders and Creators

Learners at SVPV are encouraged to lead and express themselves through student councils, clubs, innovation fairs, and cultural programmes. A wide range of co-curriculars — from yoga and coding to performing arts and design thinking — fosters creativity, leadership, and emotional intelligence. Community service initiatives further instill empathy and civic responsibility.

Shaping a Brighter Tomorrow

"Our goal is to ensure that every learner feels valued, challenged, and inspired," says Managing Director & Trustee Rakesh Patel. SVPV is not just shaping students academically but nurturing future leaders with purpose and values — contributing to a more united and empowered India.

Admissions Open: Be a Part of the SVPV Journey

SVPV, CBSE, is currently accepting admissions from pre-primary to Grade 8. For families seeking an inclusive, value-based, and future-ready education that blends Indian ethos with global relevance, SVPV offers the perfect environment for children to thrive.
